HIGH EDUCATIONAL QUALITY

Why choose us

UNADE holds the **Institutional Accreditation for High Educational Quality**, a distinction that endorses and validates our **academic excellence** and the fulfillment of rigorous educational standards.

This seal is the result of a **sustained commitment to improvement**, program updates and the student experience. This recognition facilitates the transfer of credits between accredited institutions and the **international recognition of degrees**.

100% online methodology supported by an interactive platform available 24/7

Exceptional scheduling flexibility. Study anywhere, anytime

Over 300 professors and 60 PhD holders offering close, personalized guidance

Opportunity to attend International Seminars in Cancun, Madrid and Murcia-Granada.

PROGRAM

Benefits of the Doctorate in Project

Personalized academic supervision with continuous individualized guidance and quality assessment processes.

Official RVOE recognition under Agreement No. 201510DP granted by the Secretariat of Education of Quintana Roo (SEQ).

Fully online delivery through an exclusive and interactive digital platform.

Opportunity to attend International Seminars in Cancun, Madrid and Murcia-Granada.

Exceptional scheduling flexibility Students take ownership of their learning process and organize studies to their individual needs.

Faculty of internationally recognized distinction with extensive professional and academic experience.

Introductory Course in Research and Competency Development featuring practical case studies and applied simulations.

PROGRAM GOALS

Objectives of the Doctorate

- Train researchers in the area of project management
- Contribute to human, scientific and technological development
- Seek sustainable solutions through the development and execution of projects
- Conduct situational analysis to research topics related to project management

ADMISSIONS

Admissions Profile

Admission requirements to begin this program at UNADE:

Professionals seeking to acquire knowledge in projects related to the environment, quality and safety, architecture and energy, ICT, business management, or health.

Individuals with an interest in specializing in project management.

FINANCING

Scholarships & Financing

UNADE offers a University Scholarship Program designed to support students pursuing Master's and Doctoral degrees, promoting equal opportunity and facilitating access to higher education.

Scholarships are partial awards and cover a significant portion of tuition costs, applicable to master's, doctoral, and bachelor's programs.

Students may also be eligible for **interest-free monthly payment plans** offered by UNADE.
